

For teachers wanting to know more about **Teacher Encounters 2024** in the West of England

Teacher CPD outcomes

By engaging with employers and through direct experience of the workplace, you will:

- Develop your understanding of how your subject can be applied.
- Develop new mental models for teaching your subject.
- Be supported to embed green careers messaging into your teaching.
- Access credible sources of information regarding green careers.

The approach

For spring / summer 2024:

Teacher registers, and provides information that enables them to be matched with a suitable local employer.

Teacher and matched employer communicate to establish expectations and make the necessary arrangements for visits.

Summer term - Teacher visits the employer for one day, followed by the employer returning the visit to the school

On completion of an Action Plan outlining how the learning and relationship will be embedded, the school can claim £300 per teacher per day.

The impact

87% of participating teachers said they would **recommend Teachers Encounters to others.** *

A **direct impact on classroom practice** with participants developing new curriculum materials relevant to the world of work.

An **increase in career-related knowledge**, including technical and vocational pathways and better understanding of labour market information.

Register now for this year's Teacher Encounters programme!

1. Check with your careers lead to ensure your schools has signed and returned a Memorandum of Understanding for participation.
2. Complete this form to register your interest:
