# Become a TechFirst Ambassador

## Help shape the next generation of digital talent. Volunteer with TechFirst.

TechFirst is the UK Government's flagship digital and technology skills programme. In the South West, TechFirst is coordinating events for young people, working with secondary schools and colleges, aiming to help young people build digital skills and explore the exciting range of careers available in the technology sector.

Registration and volunteering queries:
techfirst@graphicscience.co.uk

techSPARK*

## By becoming a TechFirst Ambassador you could get involved in a variety of activities:

- **Work related learning & careers awareness**
- **Talks & lectures, sharing your insights**
- **Practical activities, hands-on learning & skills development**

## Registering as a TechFirst STEM Ambassador

1. Register here: https://www.stem.org.uk/stem-ambassadors
2. Create your STEM profile, letting us know a bit about you and what you may like to do as a volunteer.
3. Under the 'schemes participation' section add yourself to **TechFirst South West**.
4. Once you have completed your STEM profile, you will be invited to complete the **induction training**. This short online module provides an introduction to volunteering, including essential child safeguarding guidance.
5. The final step is obtaining a **DBS check**. This is provided free of charge for volunteers and involves an online DBS application and a digital ID check.
